

BOOMERS & BEYOND

The power of positive aging.

How to live a happy and meaningful life?

What makes you happy and stay happy – wealth, health or success? Come to join Mr. Roch Cheng, a clinical counselor. He will bring you a possibly different way of looking at life – a way that you probably knew all along but never took it seriously. Some people heard him and began to live happier than they used to.

Living happily ever after is not a fairy tale. You can do it!
